### Burgenland - Lake Neusiedl

**Golser Wein GmbH, Burgenland, Austria**

**eCommerce # 25465 | 12.0% alc./vol. | \$19.95**

*The Riesling from Burgenland. The contrast to the usual!*

*With just a hint of lemon and red apples in the nose, a fruity freshness on the palate with citric charm at the end makes the wine very drinkable!*

#### **Terroir:**

The Neusiedlersee wine-growing region is situated on the eastern shores of the large, shallow steppe lake, the Neusiedlersee or Lake Neusiedl. The designated vineyard area stretches from the wine town of Gols in the north, through the flat terrains of the Heideboden and down to the Seewinkel, adjacent to the Hungarian border. Southeast of the Austrian capital, Vienna, the continuous influences of the warm Pannonian climate help define the character of the wines. The soil is loess (wind-blown silt, 20-50% micrometer size range, 20% or less clay, a bit sand and calcium carbonate) and black soil, closer to the lake in Seewinkel you find gravel, Sand and salty soil which is very mineral. The winery is cultivating 89 Ha of its own vineyards here plus another 32 Ha under long term contract.
