Terroir:

Cremaschi Furlotti, an authentic Chilean family winery with a story of 4 generations and 130 years of winemaking tradition originated in Italy before relocating to Chile. Maule valley houses some of Chile's oldest vineyards south of the capital, Santiago. Sub-moist Mediterranean climate with warm summers and cool breezes from the Pacific Ocean and the Andes Mountains. This cooling influence creates a long growing season with slow ripening of the grapes enhancing the flavours, intensity and concentration of our wines. Cremaschi Furlotti is one of the first 10 Wineries accredited by Wines of Chile as a **sustainable winery**.
