The aroma of vodka shows plant and grain notes, hints of spices, nuances of honey and vanilla. The taste is warming, with subtle notes of red pepper and other spices, a clean aftertaste with a slight sweetness.

### Brand & Distillery:

West Way LLC was started in 2016. As a part of the privatization of the State Enterprise Ukrspirit, West Way acquired the Lutsk distillery in 2021 (14,000 L/day capacity). There is also a separate production site for the production of vodka and tinctures.

Today the company owns a number of vodka brands including its flagship Ukrainian Spirit. This brand was first presented in Shanghai show in 2018.

### Production:

Use of own know-how including «single water» and long-term «rest» of the vodka before bottling (at least 10 days). Infusion of red pod pepper, cinnamon, honey, coriander, mint and vanilla.

**Serving suggestion:** Freeze, serve on the rocks with hot and cold appetizers, hot vegetable dishes, meat or fish. Great for cocktails.
