Terroir:

Organic Farming for more than three decades. Graciano old vines vineyard, some vines are >50 years old at 400 meter altitude on the northern plain of the Ebro River – on the western side of Rioja – and make the most of the exceptional microclimate that greatly benefits the winegrowing with its cold dry winters and warm summers. Vinification:

Residual sugar: 3 g/L

Serving suggestion and food pairing: Decant and serve at 16°C with game, grills, stews and barbecues.
