ARARAT ANI 6 YEARS OLD

Yerevan Brandy Company CJSC, Yerevan, Armenia (since 1887)

eCommerce # 563006 | 40.0% alc./vol. | \$54.15

The six year old ARARAT Ani opens the vintage range of ARARAT brandies. Its bright character is revealed in the aroma of sunny citrus and is filled with the rounded taste of dry figs and sweet almonds.

The juicy and fresh ARARAT Ani is ideal for those who value vivid emotions and experiences. Its composition will reveal new facets of brandy and emphasize the fullness of the moment.

ARARAT Ani is named after the medieval capital of Armenia, which was a powerful rival to Constantinople, Baghdad and Cairo. The symbol of the Bagratuni royal dynasty is a gracious leopard, it is depicted on Ani's main gate and today can be seen on the packaging of this ARARAT brandy.

Production Process:

Wine goes through two distillation phases: primary and secondary, fractional distillation. The first distillation produces 32° alcohol, which is then distilled again. Secondary distillation separates alcohol into three fractions: head, heart and tail. Only the heart, the purest, thinnest and delicate fraction, is used as the basis for ARARAT brandies.

Ageing: 6 years in Caucasian oak. Only trees over 70 years old are used as the basis for the casks, another few years are spent on preparing staves and assembly - each cask is hand-made by masters of Yerevan Brandy Company in its own workshop.

Variety: Mskhali, Garan Dmak, Rkatziteli, Voskehat, Kangun

Serving suggestion: Enjoy Ani with its full flavours by warming the glass, can also be served over ice or in cocktails.
