*The indigenous Agiorgitiko and the exquisite Cabernet Sauvignon blend their qualities to give an elegant wine with ruby colour, and aromas of black fruit and sweet spices, rich mouth and long finish.*

### History & Terroir:

Phaedon, father of George Tzivani started to craft family's first biologically produced wines in 1960.

George, with the encouragement of his wife, Chrissie, in 1982, started cultivating Greek and European varieties on 110HA area, in Ristona Evoia, Arma Voiotia and other key regions in Greece. Tzivani Estate organic wines are produced only on family's low yield vineyards (every vine produces one bottle of wine) that gently slope from the winery building located on a 400-450 m elevation hill.

**Variety:** Cabernet Sauvignon 60%, Agiorgitiko 40%

**Residual Sugar:** 1 g/L

**Serving suggestion and food pairing:** Serve at 17°C with grilled meat and "red" Mediterranean cuisine.
