The fresh aroma of wine is filled with notes of ripe red fruits, grapefruit and orange peel. Smooth and well-balanced. Classic with modern character.

Terroir:

Ponte da Barca winery is half a century old and covers 900 Ha vineyards, located in the valleys of the river Lima, River Vez and river Vade. The sub-region Lima integrates the municipalities of Ponte da Barca, Arcos de Valdevez, Viana do Castelo and Ponte de Lima (gets more precipitation). The altitude at which the vineyard is planted is variable and increases from the coast to the interior, where the terrain is also more irregular, causing some microclimates inside the Valley Lima. Soils are fertile and most are of granitic origin and there is a range of schist soils.
